

Build a contact tracing field app

Duration: 2-3 Hours

Author forms for field data collection with ArcGIS Survey123 to create, share, and analyse surveys on the Web. We will explore the ins and outs of building a survey, such as creating and customising questions and question behaviour, accessing the survey, and analysing the results.

Note: Course concepts apply to ArcGIS Online. Esri will provide access to ArcGIS Online for use during class.

Goals

Create and design forms using the Survey123 website.

Collect data using the Survey123 mobile app.

Analyse and display survey results.

Who should attend?

Refreshing ArcGIS Skills

Intermediate GIS Users

Suggestion

Basic GIS and computer knowledge are required.

Software

Esri will provide the following access to use during class:

- **ArcGIS Online (Creator level)**
